66 MY despair was so great I could have cried. The good cheer and merry happiness of others only mocked at my condition. I had begun to wonder why life could be so cruel. No appetite. No strength. Skin blemishes always embarrassed me. Aches and pains coursed through my body. I wanted to restore my health and live. What was I to do? . . . happily the day came and I found the right road to Health when a friend recommended S.S.S."

You may be one of the thousands with a low blood count—to this may be attributed "run-down" systems, skin troubles, and even more serious ailments. It is very dangerous to let the blood count remain

With an increase in the red-blood-cells you will be on the right road to Health. This is Nature's way to body power and to clear skin. Naturally, with your strength restored, it is easier to fight disease and infection; to enjoy your food and to sleep soundly. When firm flesh takes the place of that which was once flabby, you will feel strong—your nerves will become steady—more happiness and friends will follow.

You owe it to yourself and friends to give S.S.S. a trial. It helps Nature build rich, red blood. Thousands of users have testified to its benefits in unsolicited letters of gratitude. and to relieve distress."

Unemployment, he said, is serious in but 12 states and hardly more than seasonal in the remaining 36. He added that the low points of business and unemployment were passed in December and that a gradual improvement had been noted since that time.

The chief executive predicted that with wage rates maintained low interest rates prevailing, and increased expansion expenditures by railroads and utilities, the advance of spring will witness a return to normal prosperity.

An important and beneficial influence upon the situation, he continued, has been the "nation-wide response to the request for increased construction by public au-

tinued, has been the "nation-wide response to the request for increased construction by public authorities, railroads, utilities and industries." Construction contracts in these classe were from 40 to 45 per cent higher in January and February than ever before in those months, he said, adding that the total for the year "seems assured to be larger than in 1929."

Mr. Hoover said money rates have decreased steadily since December with the result that an increasing number of bond issues have been placed for the purpose of making public improvements. While loans for mortgages, home building and agriculture have lagged behind, the president foresaw an increase in money available for these purposes as a result of lessened demand upon insurance companies for loans on policies and the recent activity of the federal reserve board.

Secretary Lamont and Secretary Davis in a joint statement asserted the forces of recovery were steadily gaining strength. Although not fixing the extent of unemployment in specific figures, they estimated it at between one-third and one-half of that which existed during the depression of 1921 and 1922.

O. O. F. Home sextette.

During the three years in which Providence has figured prominently in the girl's tournament, it has won second place one time, that in 1928, and was eliminated in the quarter finals last season by the State Home Lasses, who were later finalists against the powerful Odd Fellows' Home sextette.

years that the Bryan sextette has figured prominently in the tournament, defeating four teams in two days to get to the Providence team in the finals. The Bryan cargers represented the upper bracket which was by far the most gruelling, on account of the unbalanced tourney scheduled, necessitated by the largest entry list in the history of the tournament, which forced that representative to play four games before the finals, three of these on Saturday.

Final Game Thrilling.

While a hundred fans and fanettes looked on these two teams, pitted for the county championship, staged one of the prettiest offensive duels seen in recent years on the Y court to decide that issue once and for all for the year 1929-30. The game was through and through, a high scoring affair, with two powerful teams matched for the title, and through the first two periods, there was little to choose between them, but in the final half, the Providence team gradually pulled away from their fast, hard-fighting opponents who fought gallantly, even for a seemingly hopeless cause against the smooth working machine put on the court to represent the Providence school.

Gladys Gaines, captain of the Providence team, and all-county selection last year, led the scoring for the evening with 28 points, while Fay Sutton led the Bryan scoring attack with 14.

Throughout the game, the Providence team presented a short passing attack with 14.

held by their opponents, and forge into the lead for the first time during the contest.

Tournament Successful.

Officiais in charge of the tournament expressed the opinion at the conclusion of the tournament Saturday night, that it was one of the most successful ones ever staged in Navarro county, with the entry list of 20 teams far ahead of former tournament participants.

The two-day scramble for county honors was started Friday morning with 11 games played during the afternoon and evening to narrow the field down to nine entries, who fought it out Saturday morning for the right for somifinalists posts. The semi-finals were run off Saturday afternoon, and the county championship contest staged Saturday evening.

Arrangements were made during the day for a third place consolation game to be played Saturday evening before the county title struggle, but was not played, due to an agreement made between the Providence and Currie scritcties participants.

REAGAN WON THIRD PLACE AFTER LOSING TO DENTON IN SEMI-FINALS

AUSTIN, Mar. 10.-Denton high school, runners-up in 1929, won the 1930 University of Texas Interscholastic league basketball championship here Saturday evening by defeating the Estelline cagers, 30-11, in the final combat. The game was played on the Austin high school gymnasium. The Denton play fea-tured a strong defensive game, with occasional spurts of offense pow-

ranked with the leaders in the tournament when they smothered the West Texans 48-19, for third place honors in the meet.

Estelline won her way into the finals by drubbing Breckenridge Saturday morning, 29-18, and Denton was forced to extend herself to win over John Reagan; 16-15. The outcome of the game was in doubt until the last whistle was blown.

FERRYS

THE TIME to eat a popover is when it has just popped over. When it has reached its climax, and is puffed and crisp. Listen to it crackle when you break it apart for butter.

And the time to eat vegetables is when they've just been picked. They will never be so fresh again. The peas will never be so firm, knuckled tight in their pods . . . nor the corn so glistening and sweet under its silk. Shell the peas, husk the corn, hustle them into the pot. Have all your vegetables at their climax moment—with a garden of your own.

Ferry's purebred Seeds are eager to burst into growing; and are fresh at the "store around the corner." They are purebred —all their name says they are. Their parent-plants and grand-parents before them produced vegetables and flowers that approached perfection. What their parents were, these seeds will become. #### **FUNERAL SERVICES** SUNDAY AFTERNOON FOR DR. HAMILTON

POPULAR EUREKA PHYSICIAN PASSED AWAY SATURDAY; LONG COUNTY RESIDENT

Funeral services for Dr. J. J. Hamilton, aged 57 years, native of Tennessee, but practicing physician in Navarro county for 33 years, and resident of Eureka for 30 years, who died at the Navarro countrie Saturday morning, were held om the residence of his brother, E. E. Hamilton, 1625 West Second avenue Sunday afternoon at 2 o'clock and another service was held at Hamilton cemetery at 3 o'clock, where interment was made.

o'clock, where interment was made.

Dr. Hamilton was an active member of the Eureka Presbyterian church, the Masonic bodies and the Navarro County Medical Society.

The fureral services were conducted by Rev. J. Walter Simpson, pastor of the Eureka Presbyterian church. He was a graduate of the Baltimore Medical College.

Prior to moving to Eureka, Dr. Hamilton resided in Corsicana and Roane a short time.

Surviving are his wife, two sons. Lloyd and Floyd Hamilton, both of Eureka; three daughters, Mrs. V. G. Johnston, Corsicana; Mrs. C. G. Cuthbertson, Luling, and Miss Ethel Hamilton, Eureka; three brothers, E. E. Hamilton, Corsicana, and F. L. Hamilton, Fort Worth; three sisters, Mrs. Addie Green, Corsicana; Mrs. F. P. McCuiston, Corsicana, and Mrs. A. J. Megarity, Corsicana.

Pallbearers were W. G. John-

Corsicana, and Mrs. A. J. Megarity, Corsicana.

Pallbearers were W. G. Johnston and C. G. Cuthbertson, both sons-in-law, and L. A. McGuiston, W. C. Green, A. L. Megarity and I. L. Hamilton, nephews of the deceased.

One of the largest funeral processions and crowds to attend a funeral here in years attested to the popularity and esteem in which Dr. Hamilton was held by the people among whom he had lved for many years.

The funeral was directed by the Sutherland Funeral Home.

About 400 schedules have already been received at the headquarters of the district in the post office building

The selection of the population The selection of the population enumerators will be made about March 15 and on April 2, the enumerators will begin their work of securing the information desired and required in the fifteenth decennial census of the United States.

The original purpose of the census, according to the information sent out from the census head-quarters, was to ascertain the population of the various states as a basis for the apportionment of representatives in congress. At the present time, however, the census extends over unemployment, agricultive, irrigation, drainage, manufacture, mining and distribution

### Announcement From Wm. CAMERON & CO., Inc.

#### To the Citizens of Corsicana and Vicinity:

It is with pleasure that we announce, we are now open for business and are prepared to continue the splendid Building Material Service which our worthy predecessors

The McCammon & Lang Lumber Co.

have rendered to the good people of Corsicana and Community during the past forty years, and we sincerely hope that we may merit a continuance of the same confidence and friendship they have enjoyed.

In opening a Building Material Store in Corsicana again, after an absence of forty-three years, it is somewhat like "Coming back home" as our firm operated a Lumber Yard here in 1887, and our only regret is that we did not remain and help in the building of your beautiful and Modern City.

But, we are now returning to Corsicana, be-

cause we have faith in its continuous progress, and it will be our pleasure to identify our organization with its future prosperity.

In keeping with this spirit, we will within the next few weeks erect a new modern Store Building, with office and display rooms, to face 3rd Avenue at 9th street, on our present location where we expect to render the maximum Building Material Service.

Our new business in Corsicana will be in charge of Mr. Wilson M. Spear, formerly of Ft. Worth, a qualified lumberman who, with his family will make Corsicana his future home.

Mr. Spear will be assisted in management of the Corsicana Store by Mr. D. W. Harris, formerly of San Saba. We bespeak for both of these gentlemen a worthy place in your Citizenship and an opportunity to serve you in your Building Material requirements.

#### **ROAD MATTERS ARE** MAIN SUBJECT FOR **COURT DISCUSSION**

Road matters came in for considerable discussion at the regular bimonthly meeting of the Navarro county commissioners court Monday morning. Guy M. Gibson of Corsicana was employed to procure the right-of-way on state highway 139, the Corsicana-Palestine highway, for the commissioners court and he stated that he would begin the work at once in an effort to speed up the securing of the improvements on that road. He intimated he would try to procure the right-of-way all the way to the Trinity river.

NEW ORLEANS, Mach 10.—(AP)—

Cotton opened rather irregular. Cables were much better than expected, but the market failed to respond fully, first trades showing gains of only 4 to 6 points. Owing to an accumulation of seiling orders over the week-end, prices turned downward, active positions selling off 12 to 14 points from opening figures.

These offerings were soon abasorbed, however, from the effect of the good earbles, and rather good trade buying and overing by last week sellers caused prices to turn upward again. May advanced to 14.13, July to 14.85 and October to 14.51.

The bulge which started towards the end or the first hour continued for a time until May tradead at 14.17, July at 14.38 and October at 14.55, or 28 to 31 boints above early lows. Later the market quieted, and prices cased off on realizing until losses from the highs were 10 to 14 points.

CHICAGO, March 8.—A—Eleven men were arrested and two bombs, four shotguns and several pistols selzed in a raid last night on a farm near Melrose Park which police said was headquarters for a williams.

"bomb trust."

The farmhouse was surrounded shortly before midnight by two squads of detectives. Automobile headlights were turned on the building from all sides and the occupants ordered to surrender. Several men tried to escape by climbing out windows, but were captured

Most of the men arrested were found to be former members of the once-powerful Genna gang that ruled the west side several years ago. The two principal captives were Tony Caliendo, owner of the farm, and Tony Giannini, described by police as the lieutenant of Mclares Park's plocked third. Jos Mclares rose Park's alcohol chief, Joe Mon-

The raid was the result of a tip from undercovermen of the state's was appropriationney's office that a general meeting of the bomb trust was to be held at midnight at the lonely farm, southwest of Chicago.

A similar meeting was held last week, but on account of the short notice given teams in the county, only three were represented.

Considerable interest is being shown in the formation of a fast amateur loop to operate in the county during the summer has been shwn by baseball fans, and in view of the fact that no baseball games in the Texas League will be broadcast throughout the season, the attendance should be large at all games.

The grandstand at the Municipal ball park which was destroyed by fire about a year ago, has been partly rebuilt by the Magnolia Millers and was used for games last are contemplated in the near future by that fast amateur ball club, and in the event the league is organized, quite a number of improvements are to be made by the league officials.

"The drunken voices then began arguing between themselves about shooting us." Mrs. Boyles said.

"They squabbled pro and con, one wanting to slay us both, the other debating against it."

Presently, however, the bandits asked about the key to the automobile outside the house, ordered Boyles to accompany them and marched away. As they left, one snipped a telephone cord to delay communication with police.

The food donated by the club women was prepared and served by the club girls, under the supervision of the home demonstration agent, P. L. Lister, as a part of the regular training of the girls in meal planning and table service.

Trustees Banks, Jackson, Stephenson and their wives expressed themselves happy to be so royally entertained by the patrons, and assured Principal E. Jackson that they were willing to assist him in making the school better for the good people of Powell.

Mrs. Jackson especially enjoyed the music rendered by the Extension Quartet and others, and commented on the spirit of gooperation shown by the community people. She stated further that girls who can prepare and serve a meal

was formulated after conferences with President Hoover.

Previously a plan for consolidation, which has been recommended by the chief executive, proposed that the consolidation be carried out so that the various agencies would be brought into the present veterans' bureau. Some objection to this developed on the ground it would "scramble" the various veterans activities with a resulting loss in efficiency.
